9.	Purchasing and installing the certified workout complex	1	10 000
10.	Installing open benches near the hockey field	6	1 400
Total cost			78 800

Hockey field 5x5

Figure 1 – Category 1 court layout

It literally means that the margins will be 40m x 23,76m (including the gates) general of 48m x 31,76m. (run-offs should be not less than 2m from each side).

The more they are the better. It's important to say that you don't have to show 25-yard line on the field now. Only center line, 2 sidelines and 2 penalty spots must be displaced on the field. 25-yard lines should only be marked with color tape on the board.
