5.	Required amount	20 000 belarusian rubles
6.	Co-financing	Regional budget
7.	Project term	6 months from the start of the project
8.	Goal of the project	Involving people with disabilities in physical education and a healthy lifestyle
9.	Objective of the project	<ol style="list-style-type: none"> 1. Equipping the sports ground with special mechanical simulators for sports for people with disabilities. 2. Attraction of people with disabilities to physical culture in order to maintain health and maintain an active lifestyle. 3. Assistance in the prevention of diseases of the musculoskeletal system, cardiovascular and respiratory diseases; implementation of the general improvement of people with disabilities. 4. Organize an open group lesson using a special mechanical simulator for people with disabilities.
10.	Mission of the project	<p>Many sports grounds are designed for citizens without physical disabilities Unfortunately, almost all playgrounds cannot offer people with disabilities to do sports in free access in the conditions necessary for them and with specialized equipment. When developing the idea of a sports ground, such sports simulators are considered that playground's visitors could master and ensure the safety of exercises.</p> <p>This project has a social orientation therefore, funds and charitable assistance are required for the implementation of the project.</p>
